Zagoria Trail

Weight limit: 90kg / 14 stone

Nearest airport: Tirana

8 days / 7 nights / 6 days riding

Travel back in time and follow the mediaeval Zagoria caravan pathways into the land of myths and tales. Your ride will pass through ancient ruins, medieval villages with their churches, and unique stone bridges built during the period of Ali Pasha. Take in the dramatic, mountainous views and trust your sure-footed steed to take you safely across the narrow, unknown paths. Enjoy the exhilarating canters through the river valleys and dive deep into the heart of rural Albanian culture, staying as a guest in the homes of local families.

The Riding

This trail is suitable for intermediate and experienced riders with a good, balanced seat. You will be riding over challenging mountainous terrain and enjoying long trots, canters and gallops in the valleys and where the terrain allows faster riding.

Good riding fitness is required as you'll be spending 4-6 hours in the saddle each day.

Guides & Group sizes

The guides are professionals with many years of experience in guiding trails through the Albanian mountains. They are adventurous, knowledgeable about the history and nature, and most of all, passionate about their horses.

Maximum number of riders in a group is 10.

Horses & Tack

The horses used on this ride are of local Albanian breed, Tarpan, mixed with Arabs. They are small, strong and perfectly suited for the challenging, rocky terrain being surefooted and accustomed to trekking over long mountainous trails.

The tack is English style with small saddlebags provided for items such as water bottles, packed lunches and cameras.

Riders are expected to help with feeding and watering the horses during the trail.

Accommodation & Dining

The first and last night of the trail will be spent in a hotel. The rest of the nights are spent at local, friendly family homes which offer a great opportunity to soak in the rural Albanian lifestyle. The accommodation during the family stays is very basic with shared bathroom facilities. Your hosts may not speak English.

The food served during the trail will be of local produce and traditional Albanian meals. Picnic lunches will be brought to you by the support vehicle or alternatively carried in your saddle bags while riding. Dinners will be served in a local restaurant when staying in a hotel or by your hosts when spending the night in a local family home. Allergies and special dietary requirements can be catered for with advance notice.

There is a very limited access to Wi-Fi during the trail. Access to electricity is possible every night and the whole area has a good phone signal coverage.

Your luggage will be transported by car between the overnight stops.

Itinerary

Day 1: Arrival

Arrive at Tirana airport by 15:00 ready for your transfer to Gjirokastra. Settle into your hotel, 10 minutes walking distance from the centre of historical Gjirokastra and feel free to have a walk around the town before dinner, which will be served in a traditional restaurant. Meet the guides and your fellow riders over dinner and discuss the itinerary of the coming week on horseback. It's possible to purchase a map of the area before dinner in order to gain a good understanding of the itinerary.

Day 2: Gjirokastra – Karjan

Start your journey by riding through picturesque countryside and traditional Albanian farms. Your route today will take you through hills and valleys, past cliffs and over streams. Enjoy the view over the beautiful River Drino (“Tree of Life”) which is the most important source of water in this area. Pass the ruins of castle Santa Triada which was constructed in 1809-1810 by Ali Pasha, the famous Ottoman leader. Back then this was the perfect location to keep an eye on the passing caravans. After a picnic lunch, your ride will take you to the village of Karjan, a traditional caravan pitstop with its small churches and an old Roman bridge. Spend the night with a local family and enjoy a traditional homecooked dinner.

Day 3: Karjan – Nderan

Continue north on an ancient merchants’ stone road with panoramic views over the surrounding hills and valleys. Enter the village of Labova and visit the famous medieval church. Your path will then take you up the mountain through native vegetation of mountain tea, oregano, wild rose and foxglove. Reach the valley of Cajupi and have lunch here with the local sheep shepherds before enjoying a wonderful gallop along the valley. In the afternoon the trail will follow a medieval caravan pathway and pass by a notorious bandit hangout, “The Cursed Shadow”, which was used by the thieves to rob caravans passing through Zagoria. Your destination today is the village of Nderan, placed right in the heart of Zagoria. The next two nights will be spent here with a local Vllah linguistic minority family who will be happy to show you their way of life. Dinner will be a delicious mixture of local products, raki and wine.

Day 4: Nderan

Wake up to the clean mountain air and start your day with a breakfast of fresh mountain produce. Today’s ride will bring plenty of variety with steep cliffs, rivers, woodlands and rolling hills. Breathe in the gorgeous scent of flowers and enjoy the wild landscapes where the only people you meet are shepherds tending to their flocks. Continue along an ancient pathway which, back in the 17th and 18th century, was an important link between the biggest merchant centres in Southern Albania. Pass the beautiful natural monument of Rock of Zhej before taking a challenging track downhill to the ruins of a medieval stone bridge. Stop here for a refreshing swim during the summer months before riding to Hoshteva to visit a unique church built in 999AD with many pagan elements visible on the wall paintings. Continue past a byzantine church and the monastery of Nivan Saint Mehili, built in 1702. Cross a medieval bridge to enter the village of Nderan once more and spend the night here.

Day 5: Nderan - Polican

An exciting day ahead! After a fresh country breakfast, ride through a mountain valley perfectly suited for many exhilarating canters, passing small remote farms and wild cliffs. The route through Pogoni region is a true travel back in time, passing by ancient ruins and mythical natural wonders. Stop for a picnic lunch by one of the most famous stone bridges - the most isolated construction of the merchant’s period and can only be reached by horse. In the afternoon you will reach the centre of the Pogon region. Your overnight stop is the mountain village of Polican, populated by a Greek minority. Spend the night with a local family who will offer you the chance to explore and enjoy the local gastronomic delights.

Day 6: Polican – Libohova

Leave Polican and enjoy a day of challenging riding through gorgeous mountain landscapes looking down upon the Suha river below. Pass by the Swallow Rock, 500m above the valley floor, on the way to the lunch spot at Church of Labova of the Cross. This is a monument representing the oldest church in Albania built in 554 by Justinian the Great, an Eastern Roman emperor, who married his wife Teodora here in the small chapel. After lunch, the ride takes you to Libohova, the site of an ancient merchant town nestled at the foot of the Bureto Mountain. This historic town offers great sightseeing for the afternoon. Spend the night with a local family and taste the local delicacies.

Day 7: Libohova – Gjirokastra

The last days' ride will take you through rolling hills and across Drino River valley. Climb up steeply to reach an archaeological site of Antigonea, a city that was built in 295BC by King Pyrrhus and named after his beloved wife, Antigona. After a short break continue ride back to Gjirokastra and to the stables. Say goodbye to your trusted steed and turn them out for a well-deserved rest. A picnic lunch will be served close to the stables before returning to your hotel in town. It's time to unwind and relax with your riding companions over the farewell dinner, and perhaps a drink or two at the old Bazaar.
